July 2012

In Remembrance of the Aurora Shooting Victims

July 20, 2012

One week ago today, a tragic scene took place in Aurora, Colorado making hearts heavy and bringing to the forefront how important a sense of community truly is. The CABA Board of Directors would like to take an opportunity to send our heartfelt condolences to the victims, their families, and all others who have been touched by this senseless act of violence.

Our thoughts and prayers are with you during this difficult time of mourning. And we hope that as you grieve, you might find peace in drawing closer together as a community.

CABA Thanks All Contributors of the 2012 Colorado Aviation Week

Proceeds Raised Aid Colorado Scholarship Funds

The CABA board of directors would like to thank all volunteers, sponsors, and attendees for the generous support during Colorado Aviation Week. CABA saw record attendance at the events held during the week and raised over \$27,000.00 for scholarships that will be awarded through our own scholarship fund and through the Centennial Airport Foundation.

CABA organized "Colorado Aviation Week" after Governor, John Hickenlooper, proclaimed June, General Aviation Appreciation Month for the state due to the positive impact general aviation has had on the local economy. The association is already making plans for "Colorado Aviation Week - 2013" because of this year's overwhelming success.

CABA Mission Statement

Our mission is to foster and promote aviation related business throughout Colorado; to collectively address and respond to issues impacting Colorado Airports, including safety

Save the Date: Fall Event and Scholarships

October 5th, 2012 - Wings Over the Rockies Air Museum

Our annual fall event will take place this October, so mark your calendars! All details will be announced shortly and will include a variety of different training and safety classes. Also, scholarships will be given away at the event and all requirements will be published soon. Stay tuned by visiting us at www.mmycaba.org.

New Website Targets Aviation Workforce

Addresses 21st Century Workforce Development Issues

Aviation Workforce Development is a new non-profit organization who's website is the labor market information tool for career entry and development. Our industry is facing the "perfect storm" of 21st century leadership development issues: large retirements of the baby-boomer generation, changing U.S. demographics, and the rising demands of the world economy, politics, and technology.

This new website and organization will connect interested parties in like-minded ventures, offer templates for change, and encourage cross generational bridging. They also have a mission to connect young professionals to information on career success and develop leaders for the future.
