### Mission Statement

*The mission of the Colorado Aviation Business Association is to promote the value of business and general aviation across the state of Colorado.*

Founded in 1994, CABA acts to collectively address and respond to issues impacting Colorado Airports including safety and operational effectiveness; to educate the general public about all aviation activities in the state; to preserve the state's airport related businesses as valuable economic assets to the community at large; and to provide for the training of future aviation professionals through its scholarship fund.

### Board of Trustees

*Marty and Sara Moser*

At Moser Aviation, safety is the core value. It's hard for it not to be when the company is a family business, and the tight knit community of employees that work there are an extension of that family. Safety is not only the essence of the company, but also is a reflection of the business as it effects each and every client, those that put their trust in Moser Aviation to transport them safely to their destinations.

Moser Aviation provides private charter services to locations throughout the United States. They maintain a straightforward business that models a high quality standard and a "no frills" attitude. In this way, they are able to keep some of the industry's lowest rates for charter services. They don't mandate all the extras; and therefore, don't ask their clients to pay for more than they have to, consequently, maintaining excellent service and trusting client relationships.

Being a small family business does not at all limit the dreams for Moser Aviation's future. Currently chartering two Hawker 400's and managing another, the plan is not to grow by acquiring and offering all types of aircraft, but to remain in the mid-size category. This reiterates the "safety first" motto in that all of Moser Aviation's employees, pilots, and aircraft mechanics are specialized and experienced in specific aircraft, ensuring overall quality of services and minimizing risk.

"I'd rather see this company go out of business than to ever risk hurting anyone with an airplane." -Marty Moser, CEO and Founder of Moser Aviation

### **VOLUNTEERS WANTED**

#### **Committees can use your help!**

Serving on a committee is a great way to network with fellow aviation professionals in all areas. All of our volunteers are people just like yourself who put a little extra effort into doing the things that make CABA a better organization. Join the CABA action team and you *WILL* have a positive impact on the aviation community in Colorado.

Standing Committees are: Legislative, Educational Outreach, Membership, Regional Groups, Industry Groups, and Marketing/Communications. *They ALL welcome more participation!*

**VOLUNTEER**
