### **Colorado Aviation Business Association (CABA) Announces Aviation Career Day**

Englewood, CO – June 10, 2016 – The Colorado Aviation Business Association (CABA) proudly announces Aviation Career Day, to be held Tuesday June 14, from 9:00 am to 4:00 pm, at Signature Flight Support at Centennial Airport, Englewood, Colorado.

Aircraft will be on display from the Air National Guard, Army National Guard, Wings Over The Rockies Air & Space Museum’s Teacher Flight Program, Colorado Heli-Ops, Colorado Department of Fire Prevention and Control, and Colorado Agricultural Aviation. In addition, there will be booth displays with representatives on hand distributing information about flight training, aircraft maintenance & repair, airport management, flight/navigation data management, remote sensing, agricultural application, military, and more.

With June proclaimed General Aviation Appreciation Month by Governor John Hickenlooper, the career day is being held in collaboration with Signature Flight Support and Centennial Airport as one of the activities celebrating aviation in Colorado. The event is intended to bring young people of high school age and older to the airport to see various types of aircraft up close, learn about the many possible career paths in aviation, and obtain information about training programs, internships, and scholarships. While primarily intended for ages 15 and older, it is open to the public.

The goal is to encourage young people to enter careers in all areas of aviation, and to bring a steady stream of passionate and skilled personnel to the industry as it continues to grow nationally and globally.

Booths and aircraft will be on display from 9:00 am to 4:00 pm in the hangar and on the ramp at Signature Flight Support, located at 8123 South InterPort Blvd, Englewood, CO. Admission is free, and food and beverages will be available for purchase onsite.

Media inquiries and general questions can be directed to Immediate Past Chair Mike Straka at 303.881.3315, or Executive Director Tiffany Hiler at 720.238.3163. Additional information about CABA and its scholarship program can be found on the organization’s website, [www.mycaba.org](http://www.mycaba.org).

**Note to Editors:**

**About the Colorado Aviation Business Association:**

***The mission of the Colorado Aviation Business Association is to promote the value of business and general aviation across the State of Colorado.***

Founded in 1994, the Colorado Aviation Business Association consists of over 300 businesses and individual members who live and work within the State of Colorado. CABA addresses and responds to issues impacting Colorado Airports including legislative, safety, and operational effectiveness; Educates the general public about all aviation activities in the state; Preserves and protects the state's airport related businesses as valuable economic assets to the community at large; Provides for the training of future aviation professionals through the CABA Foundation scholarship fund.
