### **The Colorado Aviation Business Association (CABA) Announces “Colorado Aviation Week” Events, Celebrating *General Aviation Appreciation Month***

**Denver, CO – May 21, 2012** – The Colorado Aviation Business Association (CABA) announces their schedule for “Colorado Aviation Week”, celebrating the state’s *General Aviation Appreciation Month* by organizing several events occurring in the Denver area from June 7-10, 2012.

On April 10, 2012, Governor John Hickenlooper proclaimed June to be *General Aviation Appreciation Month* for the State of Colorado because of the positive impact general aviation has had on the local economy. The formal proclamation cites several reasons behind the state’s move to recognize the general aviation industry; among those is that general aviation sustains 22,650 jobs in the state, supports a payroll of nearly \$750 million, and contributes \$2.1 billion to the state’s economy annually.

“We applaud Governor Hickenlooper’s move to recognize the general aviation industry in Colorado by acknowledging the many benefits we bring to our local economy,” said Brittany Davies, Chairwoman for CABA. “We are excited to share our passion for aviation with the local community and look forward to a fun-filled week of activities for kids and adults alike.”

The events are open to the public and being co-hosted by several local and national aviation organizations, including Signature Flight Support, Wings Over the Rockies Air & Space Museum, the Arapahoe County Public Airport Authority and the Experimental Aircraft Association (EAA). All proceeds benefit scholarships awarded through CABA and the Centennial Airport Foundation.
